E55 Overview

- The powerful E55 compact (mini) excavator helps you push the limits of productivity with enhanced hydraulic performance, improved efficiency, simplified maintenance and more precise control.
- Standard features include a redesigned Bobcat® engine, an improved cooling system to enhance performance, serviceability and component life; low-effort joysticks that respond easily to operator input; hydraulic control for better metering, finite movement and controllability on level grading; and fast cycle times.
- Minimal tail swing means less than one inch of overhang, ensuring easy work in tight areas.
- Additional options include a state-of-the-art touch display, automatic heat and air conditioning, a rearview camera and angle blade.
